

My name is Ashley Clark and I am a LSSP in the Houston area. I am in my 6th year of practice. I graduated from Sam Houston State University with my specialist degree. I am currently in my second year of the Educational Psychology Ph.D. program at Texas Tech University. I am interested in running for Area 3 Representative because I would love the opportunity to be involved with TASP and also to be the voice for Houston area LSSPs. I would love to work with the TASP board more closely to help advocate for positive changes in our field. I feel that this would be an amazing learning experience and is a great way to be involved.
